

School Tour

This week we are going on a Virtual School Tour! I am really disappointed that we couldn't go on our real tour this year but this is the next best thing. As we were due to visit the Natural History Museum, I have uploaded a link to our webpage to allow you to visit the museum virtually. There are some fun activities in that link that you can do while you visit the museum.

As we obviously don't complete any formal schoolwork when we go on our tour, I will only be assigning work for 4 days this week. Choose one day of the week and have this as your tour day. I will leave it up to each family to decide what day suits you and you can complete the work below over the remaining 4 days. Maybe you could try and make the day as special as a tour day - if the weather is nice, have a picnic in your garden like we would on tour. Don't forget you usually get to bring a little treat with you also!!

Enjoy the tour – maybe you could write a couple of sentences when you have completed it to let me know how you got on and what your favourite part of the day was.
